

Love your tender

Four workshops in the Yorkshire & Humber region to support voluntary sector children and young people's organisations around contracting - what is it, and is it for you?

Are you hoping to deliver public services for your local area as part of their commissioning strategy?
Do you want to make sure that you are ready to tender when the opportunity presents?

Then these one-day workshops, with an excellent toolkit to take away, are for YOU

Aims

Increase awareness of and confidence with contracting.

Objectives

By the end of the session participants will have:

- ~ an understanding of the difference between grant funding and contracting
- ~ an overview of the new performance management framework for local authorities
- ~ a picture of the LAA priorities across the region
- ~ assessed how 'tender ready' they are and flagged up issues that need further work
- ~ considered how their organisations give 'added value'
- ~ been introduced to an outcomes planning framework
- ~ thought about how to take work on contracting forward
- ~ had an opportunity for informal discussions with local children's services commissioners

This training is open to **small/medium organisations** working with children, young people and their families and is limited to 25 places. The training is **free of charge**, but no-shows or cancellations made after three weeks prior to the event will incur a £40 charge to cover administration and catering costs.

To register for this event, please complete this form and return by email, or post to Lesley Wood through the below contact details.
